Grande Massimo

Harmony in the color combination creates a strong effect on the ambience of the living spaces with the characteristic of the tissues and marbles.

ABOUT US

In 2015, the Grande Massimo brand embarked on a mission to rebuild the ambience of living spaces. It continues its sectoral activities with the vision of presenting its design pleasure to the interest of a wider market in the world by bringing precious stones with strong characteristics together with its distinguished customers.

It creates new inspirations to create impressive visual effects with its high technical standards, long-lasting reliability of use, unique elegance in design, and brings you the magnificent combination of styles and technical features indoors and outdoors with its heat-resistant, scratch-resistant, antibacterial hygienic and valuable stones that do not have any difference in tone between plates.

Italian technology, design vision, creative power that makes a difference, by expanding the value of Grande Massimo porcelains, a one-piece porcelain of 1600mmx3200mm size and combining with different combinations, with large patterns, offers you the opportunity to create unique and extraordinary compositions.

Ultra Marble, Marble, Onyx, Stone, Oxido, Concrete, Wood collections, which reflect different styles with their color tones and patterns, bring you together with the variety you need to create your own style, while Grande Massimo's stylish selection is able to create great visual effects by going beyond the limits with its powerful combinations born from the harmony of pieces with different patterns.

Our porcelains, which create powerful visual effects sometimes as a part and sometimes as a whole with their usage areas and shapes, continue to exist in the living spaces of a wide range of customers today.

USAGE AREAS

Although the areas of use are listed as kitchen counter, fireplace, floor, exterior, stairs, tv unit and furniture, they can also be used by architects with strong design power to serve different purposes in a wide variety of spaces by pushing the limits of their creativity. For every living space to be reimagined with Grande Massimo elegance, you can get the inspiration you need from the stone's own character.

FINISHES

Grande Massimo presents a wide range of finishes, which makes it possible for the surfaces to adapt to all types of projects and spaces, making it a versatile and polyvalent option.

MATTE

Exquisite texture, natural light sensation, both understated and elegant, with a hint of natural beauty.

POLISHED

Bright, smooth and clear, imbuing a sense of fashionable luxury.

SATIN

Comfortable touch, soft and skin-friendly feel, exuding the elegance of age.

3D

An extra smooth finish, enhance the naturalness of the surface, recreates the depths which exactly match the high-resolution digital graphic.

ADVANTAGES

Grande Massimo has a number of advantages that make the material stand out for its high performance and unique design.

Surfaces of high aesthetic value and high performance from Grande Massimo porcelain slabs. A careful selection of raw materials from worldwide. Excellent quality and durability for the most demanding projects for the kitchen industry.

100% NATURAL AND RECYCLABLE

Durable surfaces made out of materials that can be completely reused after their life cycle.

WATERPROOF

It prevents the absorption of liquids and the accumulation of odours thanks to its low porosity.

HYGIENIC

Low emission of volatile organic compounds, allowing direct contact with foodstuffs.

RESISTANT TO ICE AND FROST

Stable to sudden temperature changes, it withstands extreme cold conditions.

FIRE RESISTANT

It maintains its aspect and performance when exposed to high temperatures.

UV RESISTANT

Unalterable by ultraviolet rays, it remains stable against wear and tear due to strong illumination.

ABRASION RESISTANT

High durability and good resistance to wear and tear and scratches from daily use.

CHEMICAL AND STAIN RESISTANT

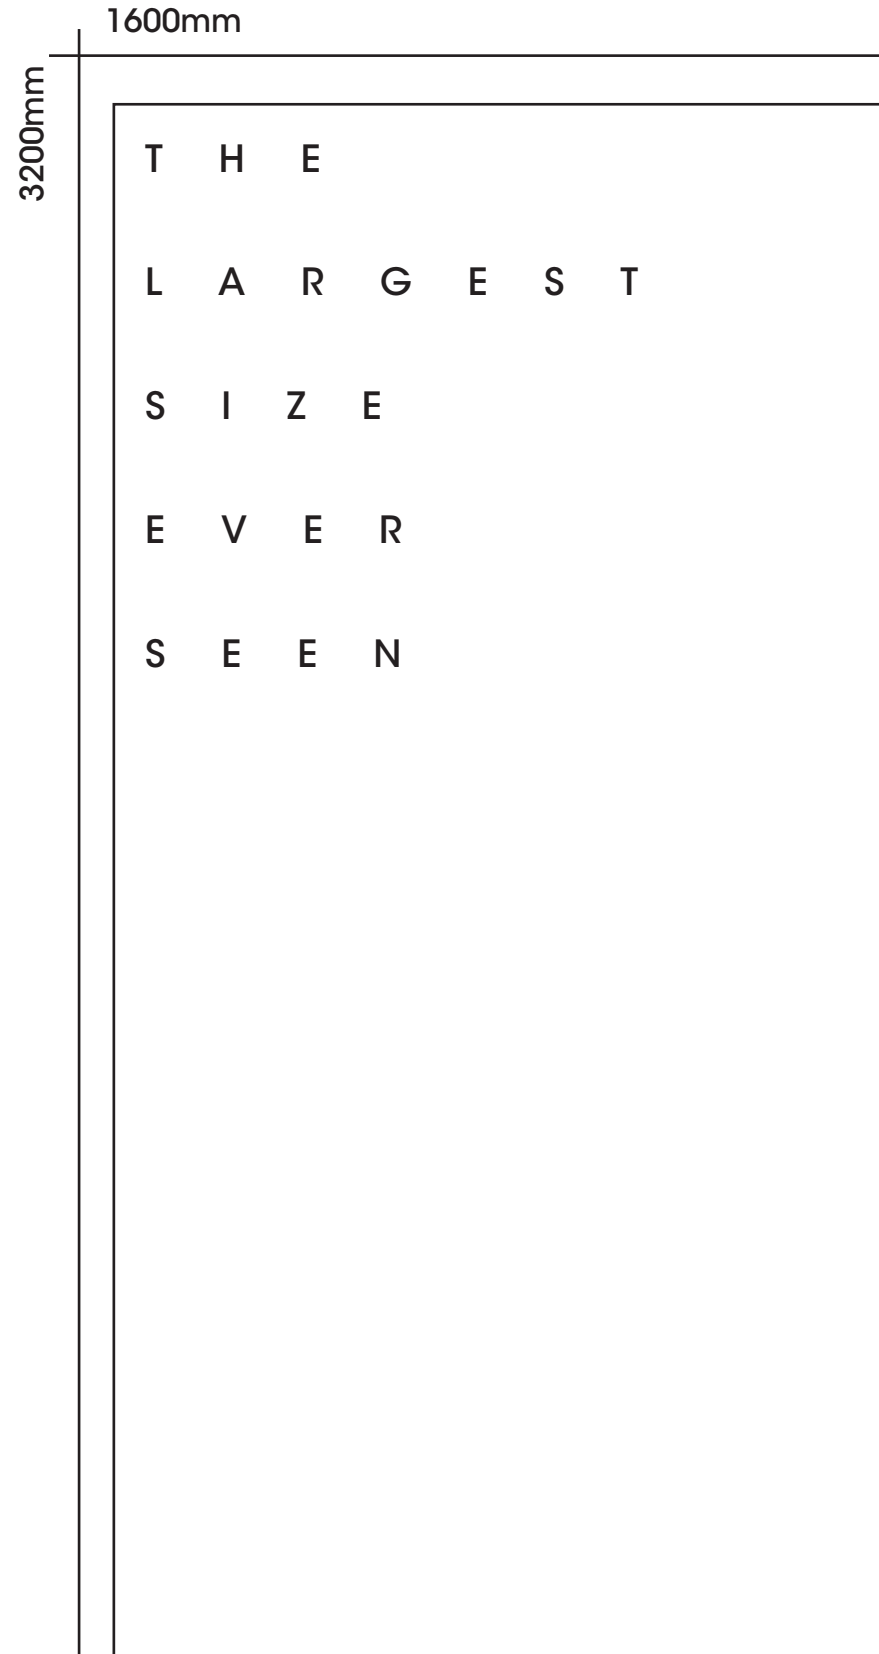

Unalterable to household chemicals and high resistance to any type of stains.

EASY TO CLEAN

The use of specific products is unnecessary thanks to the zero-effort care of the material.

SIZE DOES MATTER

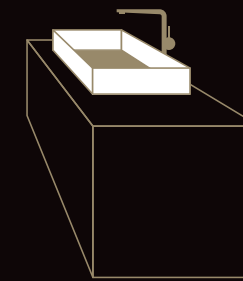

LARGE FORMAT

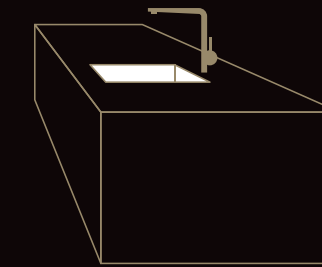

The format is no longer a constraint and allows for greater continuity and visual aesthetics in spaces. The surfaces adapt to any environment and application, becoming an option of extraordinary versatility.

APPLICATIONS

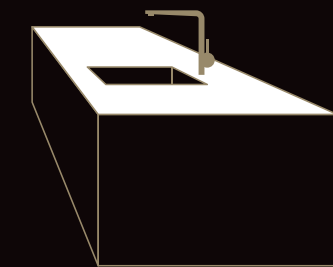

more possibilities to be explored

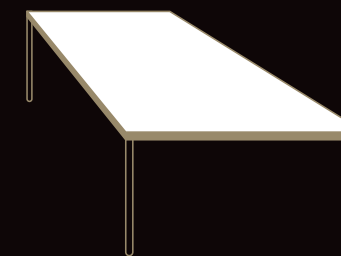

■ BASIN

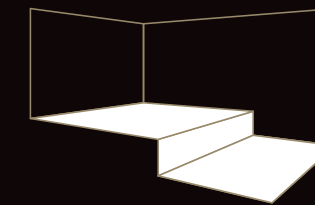

■ SINK

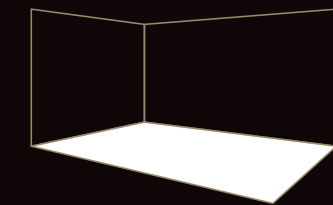

■ COUNTERTOP

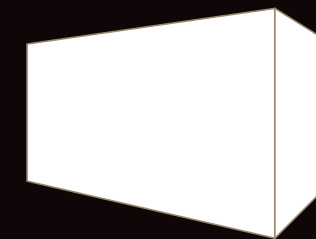

■ TABLETOP

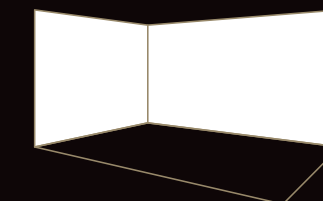

■ STAIRCASE

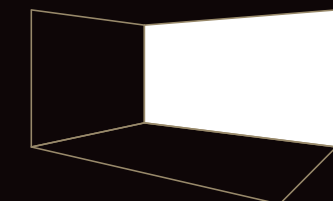

■ FLOOR

■ FACADE

■ WALL

■ FEATURE WALL

HIGH PERFORMANCE PORCELAIN SLABS

Faithful to the natural look of stone, marble, wood, concrete and other elements, produced with respect to the environment and unalterable over time.

The raw materials are compacted to a high density $450\text{kg}/\text{cm}^2$, fired at a temperature of more than 1200°C to complete the sintering process and give the slabs an extremely high level of durability and performance regardless of any intended use.
